

CSE 881 FINAL PROJECT

Project Title: Customized Recipe Recommendations

Project Type (choose one):

Empirical Study/Algorithm Development/Application/Prototype Development

Difficulty Level (choose one): Simple / Moderate / Hard

Justification for your rating: Data Collection (1) + Data Preprocessing (1) + Prototype Development (1)

- Written code to scrape data from websites.
- A lot of Text Preprocessing is needed for the ingredients.
- Developed a prototype for user to customize recommended recipes based on ingredients.

Summary of Team Member Participation:

Fill out the following table for each team member with a rating from 1 to 3 (1: poor, 2: satisfactory, 3: good). For “responsive to emails” and “attendance at project meetings”, the rating must be provided by averaging the rating provided by other members of the group.

Name	Responsive to emails*	Attended project meetings*	Participate in data collection /preprocessing	Participate in coding	Participate in analysis/ experiments	Writing final report	Class presentation	Completed Assigned Tasks
Harish (Me)								
Koushik Sai Veerella	3	3	3	3	3	3	3	3

Team Member Roles and Contributions:

Name	Roles and Contributions
Harish Neelam	Responsible for collecting and preprocessing data; Wrote the python scripts for recommendations. Helped in Network Analysis. Helped in developing the prototype. Wrote the final report and helped in class presentation.
Koushik Sai Veerella	Helped in collecting and preprocessing data; Performed data analysis and Network Analysis; Developed the Web Application; Helped writing the final report; Class presentation.

I approve the content of the final report (please add your signature below):

Harish Neelam: -----
